CARIBBEAN ECONOMIST & ADVISOR

## PROFILE

Economist and advisor on the Caribbean, known for thorough analysis and data-based assessments and insights. Designs strategic recommendations and macro analytics on 25+ nations of the Caribbean, influencing public policy and private sector decision-making. Objective, accurate, and an effective communicator, recognized for delivering thought-provoking economic presentations, easily relating to a vast array of audiences. Sought-out speaker for key industry, multilateral, and multi-sectoral conferences on a regional and international scale. Building coalitions to resolve the injustices of discriminatory policies like the EU Blacklists.

## EXPERIENCE

### **Independent Advisor, Speaker and Consultant / June 2017 - present**

#### **CARIBBEAN ECONOMIST AND ADVISOR**

Providing organizations with clear strategies, actions, and policies geared at securing better socio-economic and financial outcomes in the future. Supporting governments and the private sector in overcoming the constraints that hinder our productivity, and our social, financial, and economic progress. Offering clients the benefits of access to a broad network of regional experts and thought-leaders and a robust team of researchers, providing data-based assessments and insights that improve prospects for sustainable success. Advising clients on the implications of international developments that shape our environment, uncertainties and risks facing the region, and the trends that affect the Caribbean.

### **Bitt Inc. / July 2017 - April 2022**

#### **CHIEF ECONOMIST**

Leading engagement with Governments, Central Banks and financial regulators throughout the Caribbean and beyond, on the creation and advancement of a regional strategy to mitigate the impacts of 'de-risking', increase financial and economic inclusion, and lower the frictions associated with cross-border trade and remittance payments and settlement.

- Supporting the creation of a Caribbean Settlement Network to facilitate direct trade and remittance settlement across the Caribbean, thereby reducing reliance on the US dollar.
- Preparing the region for transformative change by identifying social and economic challenges that can be addressed through the use of technology, creating life-enhancing opportunities and outcomes for the Caribbean.
- Monitoring regional economic and financial developments, producing consistent macro-analytics to aid in private sector decision-making and in the development of appropriate policy responses to the issues facing the region.

### **RBC Financial (Caribbean) Ltd / September 2011 - June 2017**

#### **GROUP ECONOMIST**

Created sophisticated macroeconomic surveillance and reporting platform on all 20+ Caribbean countries to which RBC Caribbean Banking has exposure. Advised Executive and Governance Committees regularly, providing strategic vision through sound analysis to inform decisions. Supported sovereign risk assessment and strategy formulation at the group and parent level.

- Consulted with various clients and other external stakeholders, advising Boards, executive teams and policy-makers on economic developments and outlook forecasts, economic developments and outlook, and their implications across various Caribbean jurisdictions.
- Supported multilaterals and the business community, providing evidence-based insights on the major issues affecting business and economic development in the region.
- Developed and cultivated relationships with policy-makers and decision-makers throughout the region, championing the logistics of bringing together transformational conversations and initiatives.

### **Business Insight Limited / September 2010 - September 2011**

**CONSULTANT (ECONOMIST) / ASSOCIATE**

Carried out in-depth primary research and developed business cases to guide investment decisions and expansion plans for international clients seeking to penetrate the Caribbean market. Assessed impacts across political, economic, social, and regulatory dimensions, creating an outlook for demand growth and identifying risks and opportunities. Advised investors on macro- and microeconomic trends and potential long-term impacts on strategy through reports and presentations.

### **Caribbean Centre for Money and Finance (CCMF) / June 2009 - August 2010**

**CONSULTANT (ECONOMIST)**

Conducted analytical study of the domestic Managed Funds Industry for the T&T Securities and Exchange Commission, evaluating fund size, portfolio composition, return, risk practices and governance practices. Consolidated findings, highlighting issues and constraints facing the industry, and creating an institutional profile of the sector to inform regulators, policy-makers, and investors.

### **Caribbean Money Market Brokers Limited (CMMB) / September 2004 - May 2010**

**HEAD OF RESEARCH, GLOBAL EXPANSION ANALYST**

Enhanced reporting content and managed production of the CMMB Investment Quarterly magazine to add value for external stakeholders through comprehensive, fact-based economic analysis and forecasts. Engaged clients, media and the general public, speaking on behalf of the company to analyse and address issues spanning several branches of economics and policy.

### **Welthecon Investment Managers / August 2003 - June 2004**

**SENIOR FINANCIAL ANALYST**

Implemented and developed the necessary infrastructure to facilitate technical and fundamental financial and economic research and analysis to guide investment portfolio management. Researched and identified economic, financial, and sectoral challenges, prepared forecasts, and assessed policy options, to ensure the effective management of portfolio risk. Led the Research and Analysis and Portfolio Management Divisions, establishing robust processes and quantitative and qualitative analytical models to safeguard portfolio risk appetite. Liaised with clients, brokers, and bankers, handling all investment-related communication and correspondence.

### **Republic Bank Limited / November 1996 - August 2002**

**CREDIT ANALYST, INVESTMENT ANALYST, ECONOMIC ANALYST**

Maintained and delivered data and reporting on mutual funds, equity markets, companies, stocks, industries, sectors, and economies at the Caribbean regional level. Managed assigned proprietary funds including the Bank's Mutual Fund, supporting the formulation and implementation of investment strategies. Conducted analysis and made recommendations on new and existing equities within the region. Compiled, calculated, analysed, and monitored statistics, and economic and financial developments, producing reports and updates on industries, sectors, commodities, and countries, and assisting in the publication of the Republic Economic Newsletter.
